## PERSONAL

Name	<b>Ammar Al-Banna</b>
Address	<b>Hafr Al-Batin</b>
Phone number	<b>+966 55 179 4244</b>
Email	<b>ba4ammar@gmail.com</b>

---

## RESUME OBJECTIVE

A motivated and resourceful professional in Computer Science and Engineering, with practical experience in IT systems support, hardware maintenance, and automation development. Passionate about applying a creative approach to solve technical challenges and improve efficiency within dynamic IT environments.

---

## WORK EXPERIENCE

Jan 2025 – Aug 2025	<b>Systems Support Engineer</b> <i>Deanship of E-Learning and Digital Transformation in University of Hafr Al-Batin</i> During my time at the university's maintenance department, I gained practical experience in computer hardware maintenance, including component replacement and server configuration. I also developed a PowerShell automation script to streamline routine maintenance tasks such as software installation, system updates, and security procedures, which significantly improved team efficiency.
---------------------	--

---
